

Wrapping up...

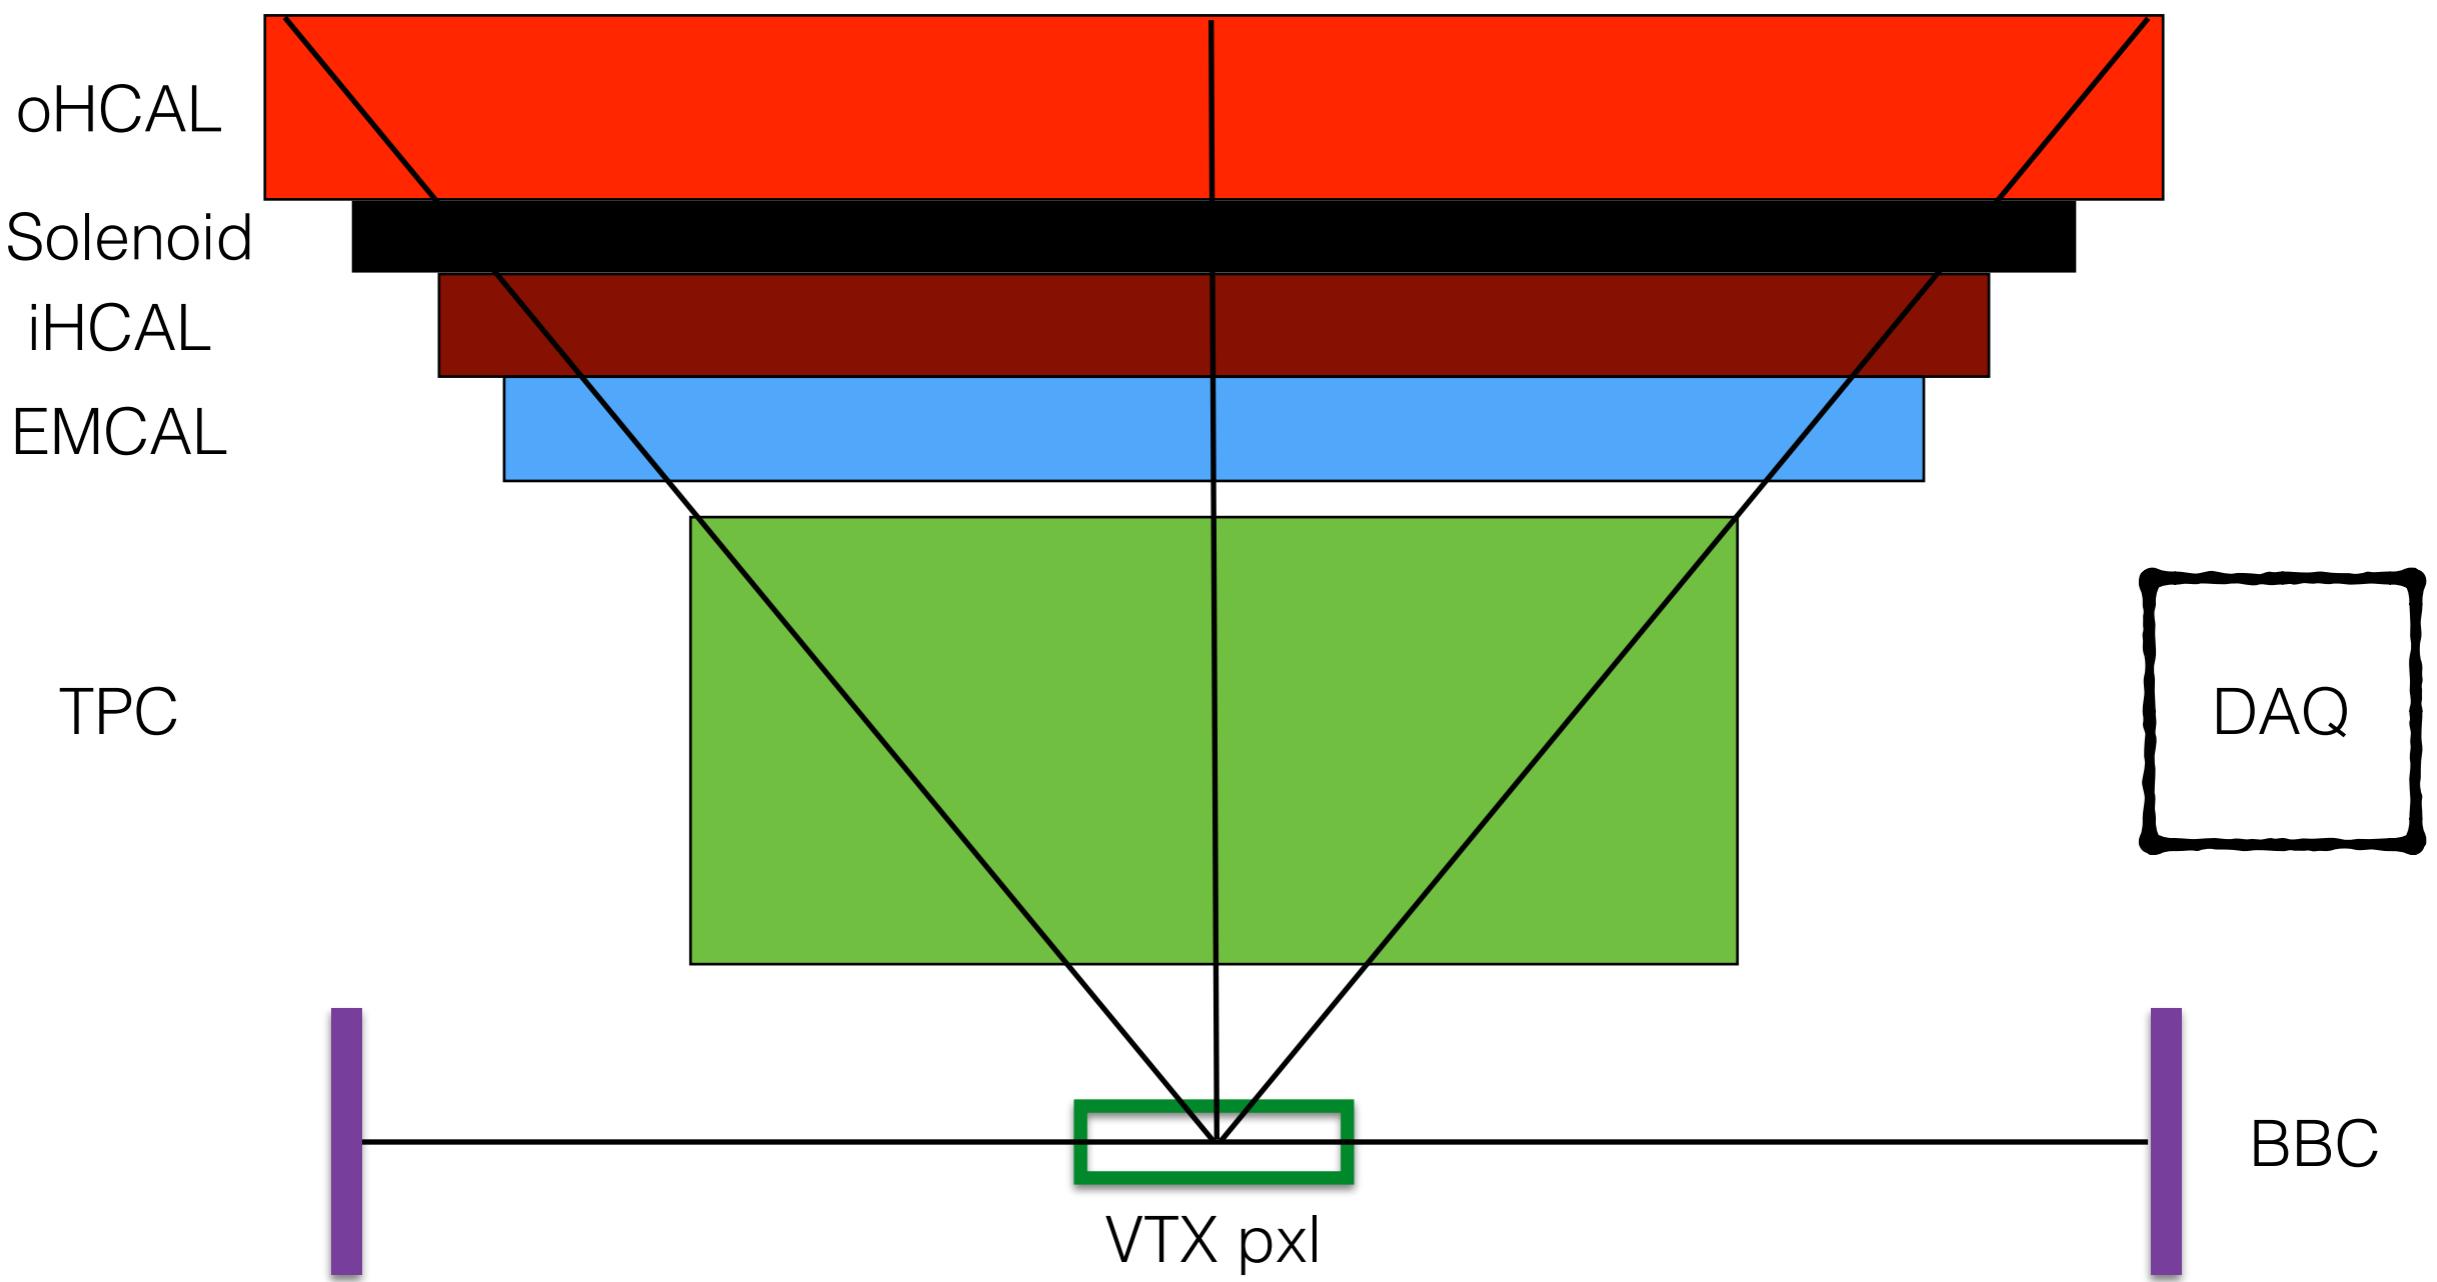

Wrapping up...

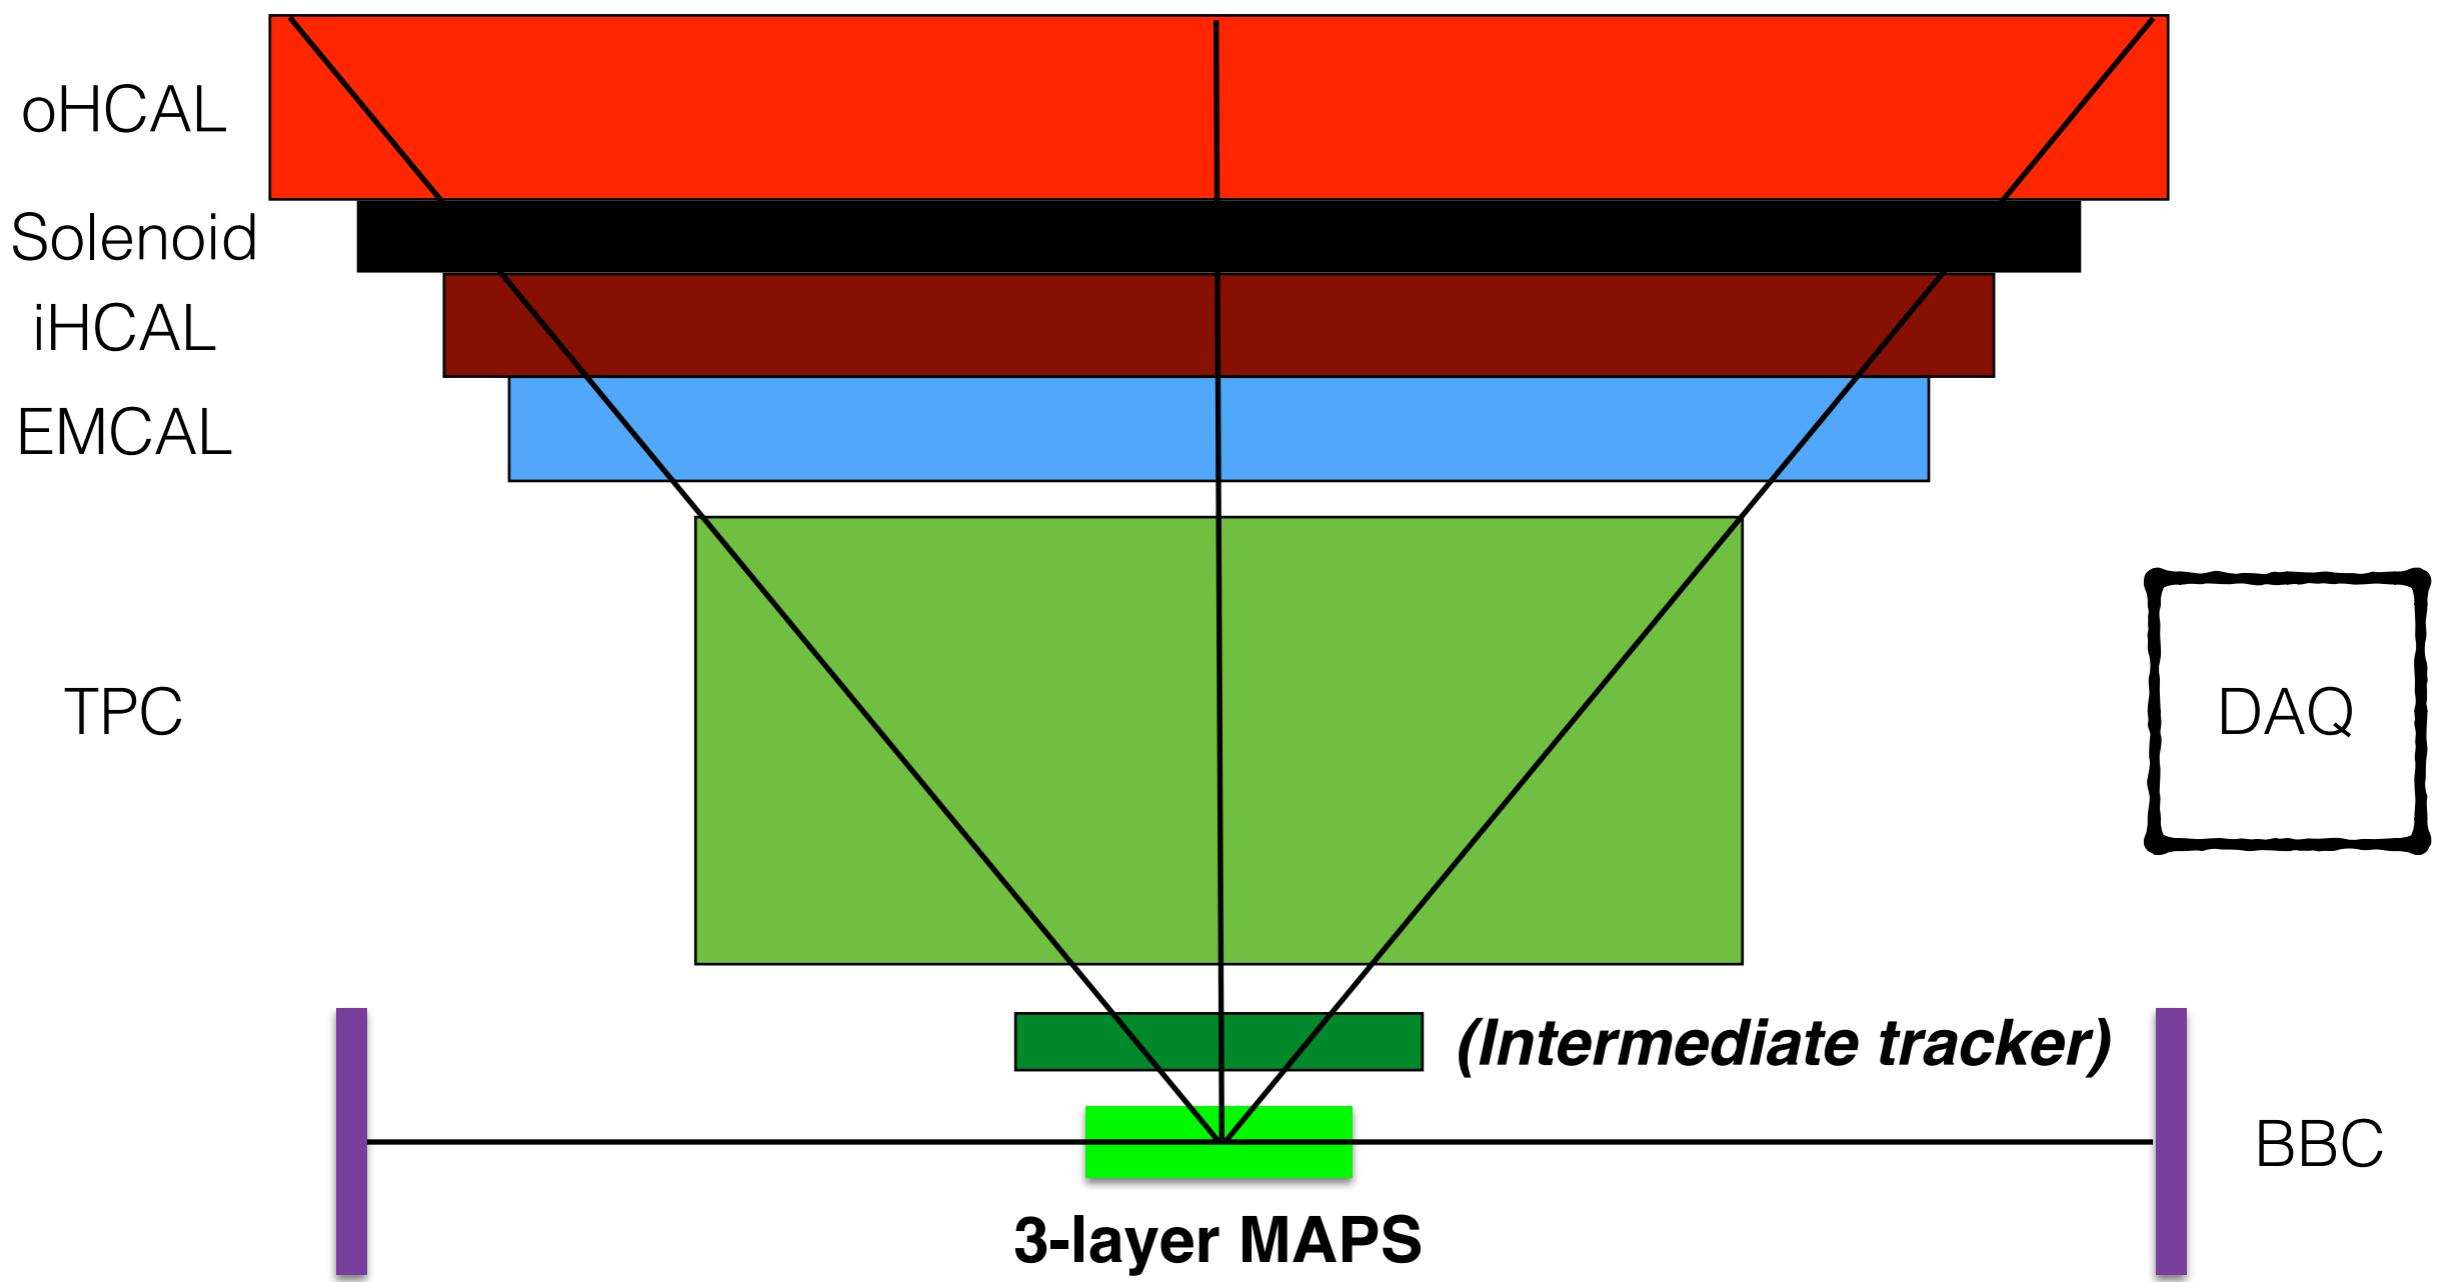

Great progress since inaugural meeting at Rutgers
Great spirit

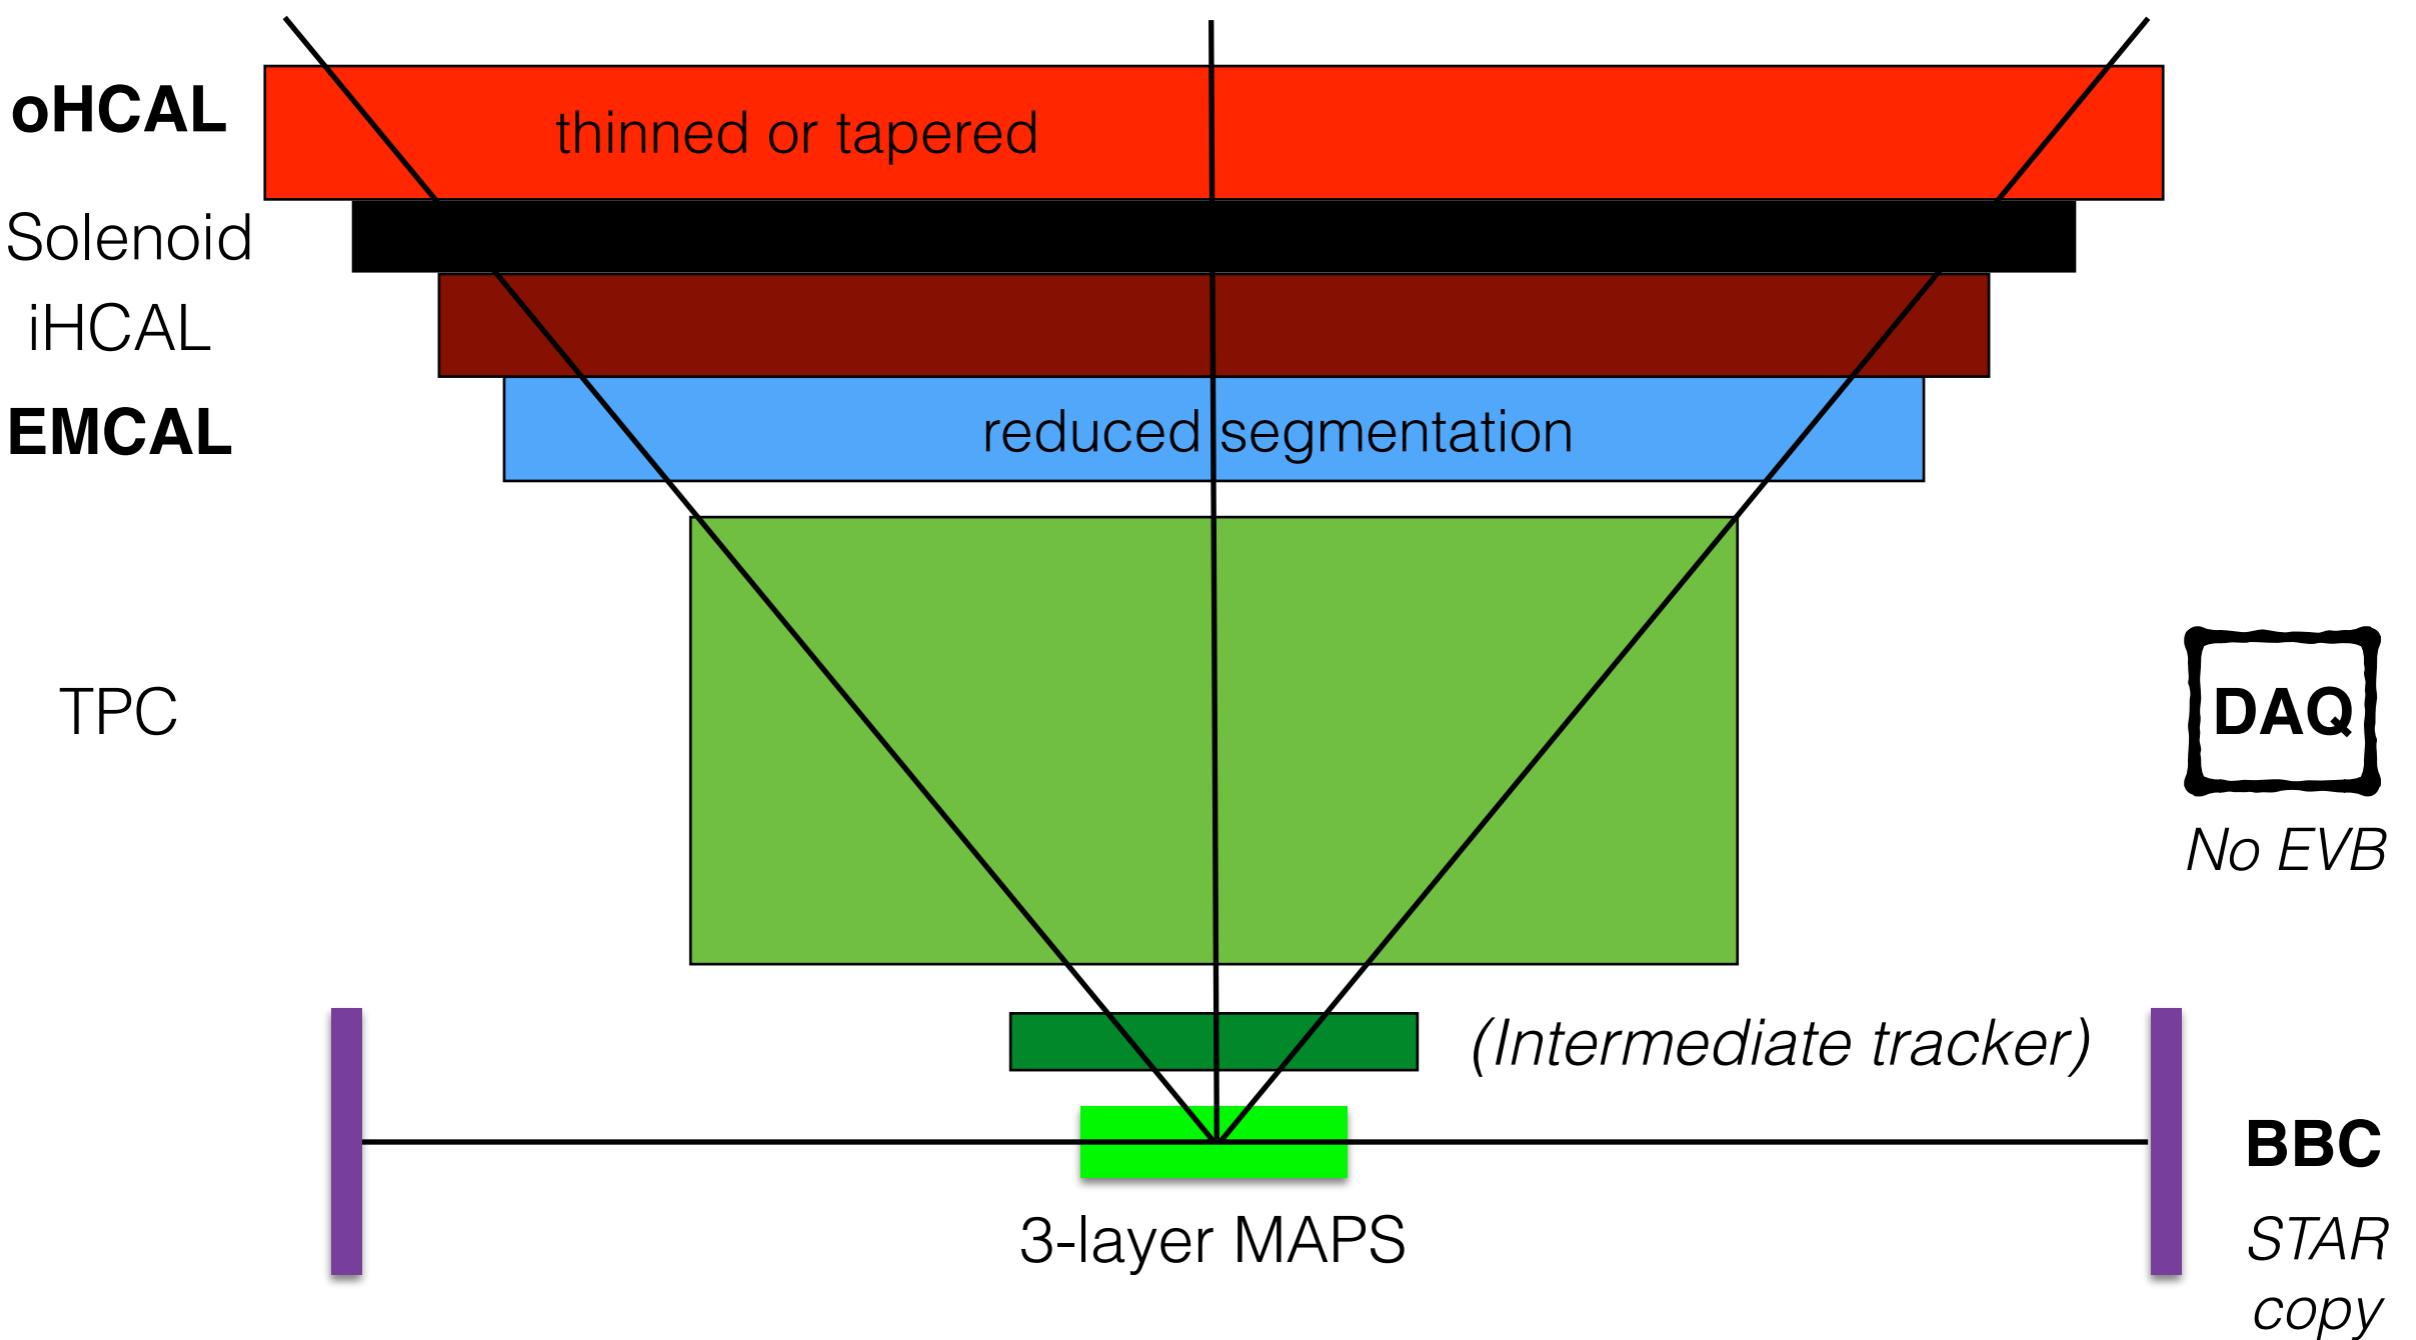

ALD response

- Recap discussion
- Make sure we all heard the same thing
- Make sure we agree on key to-do items

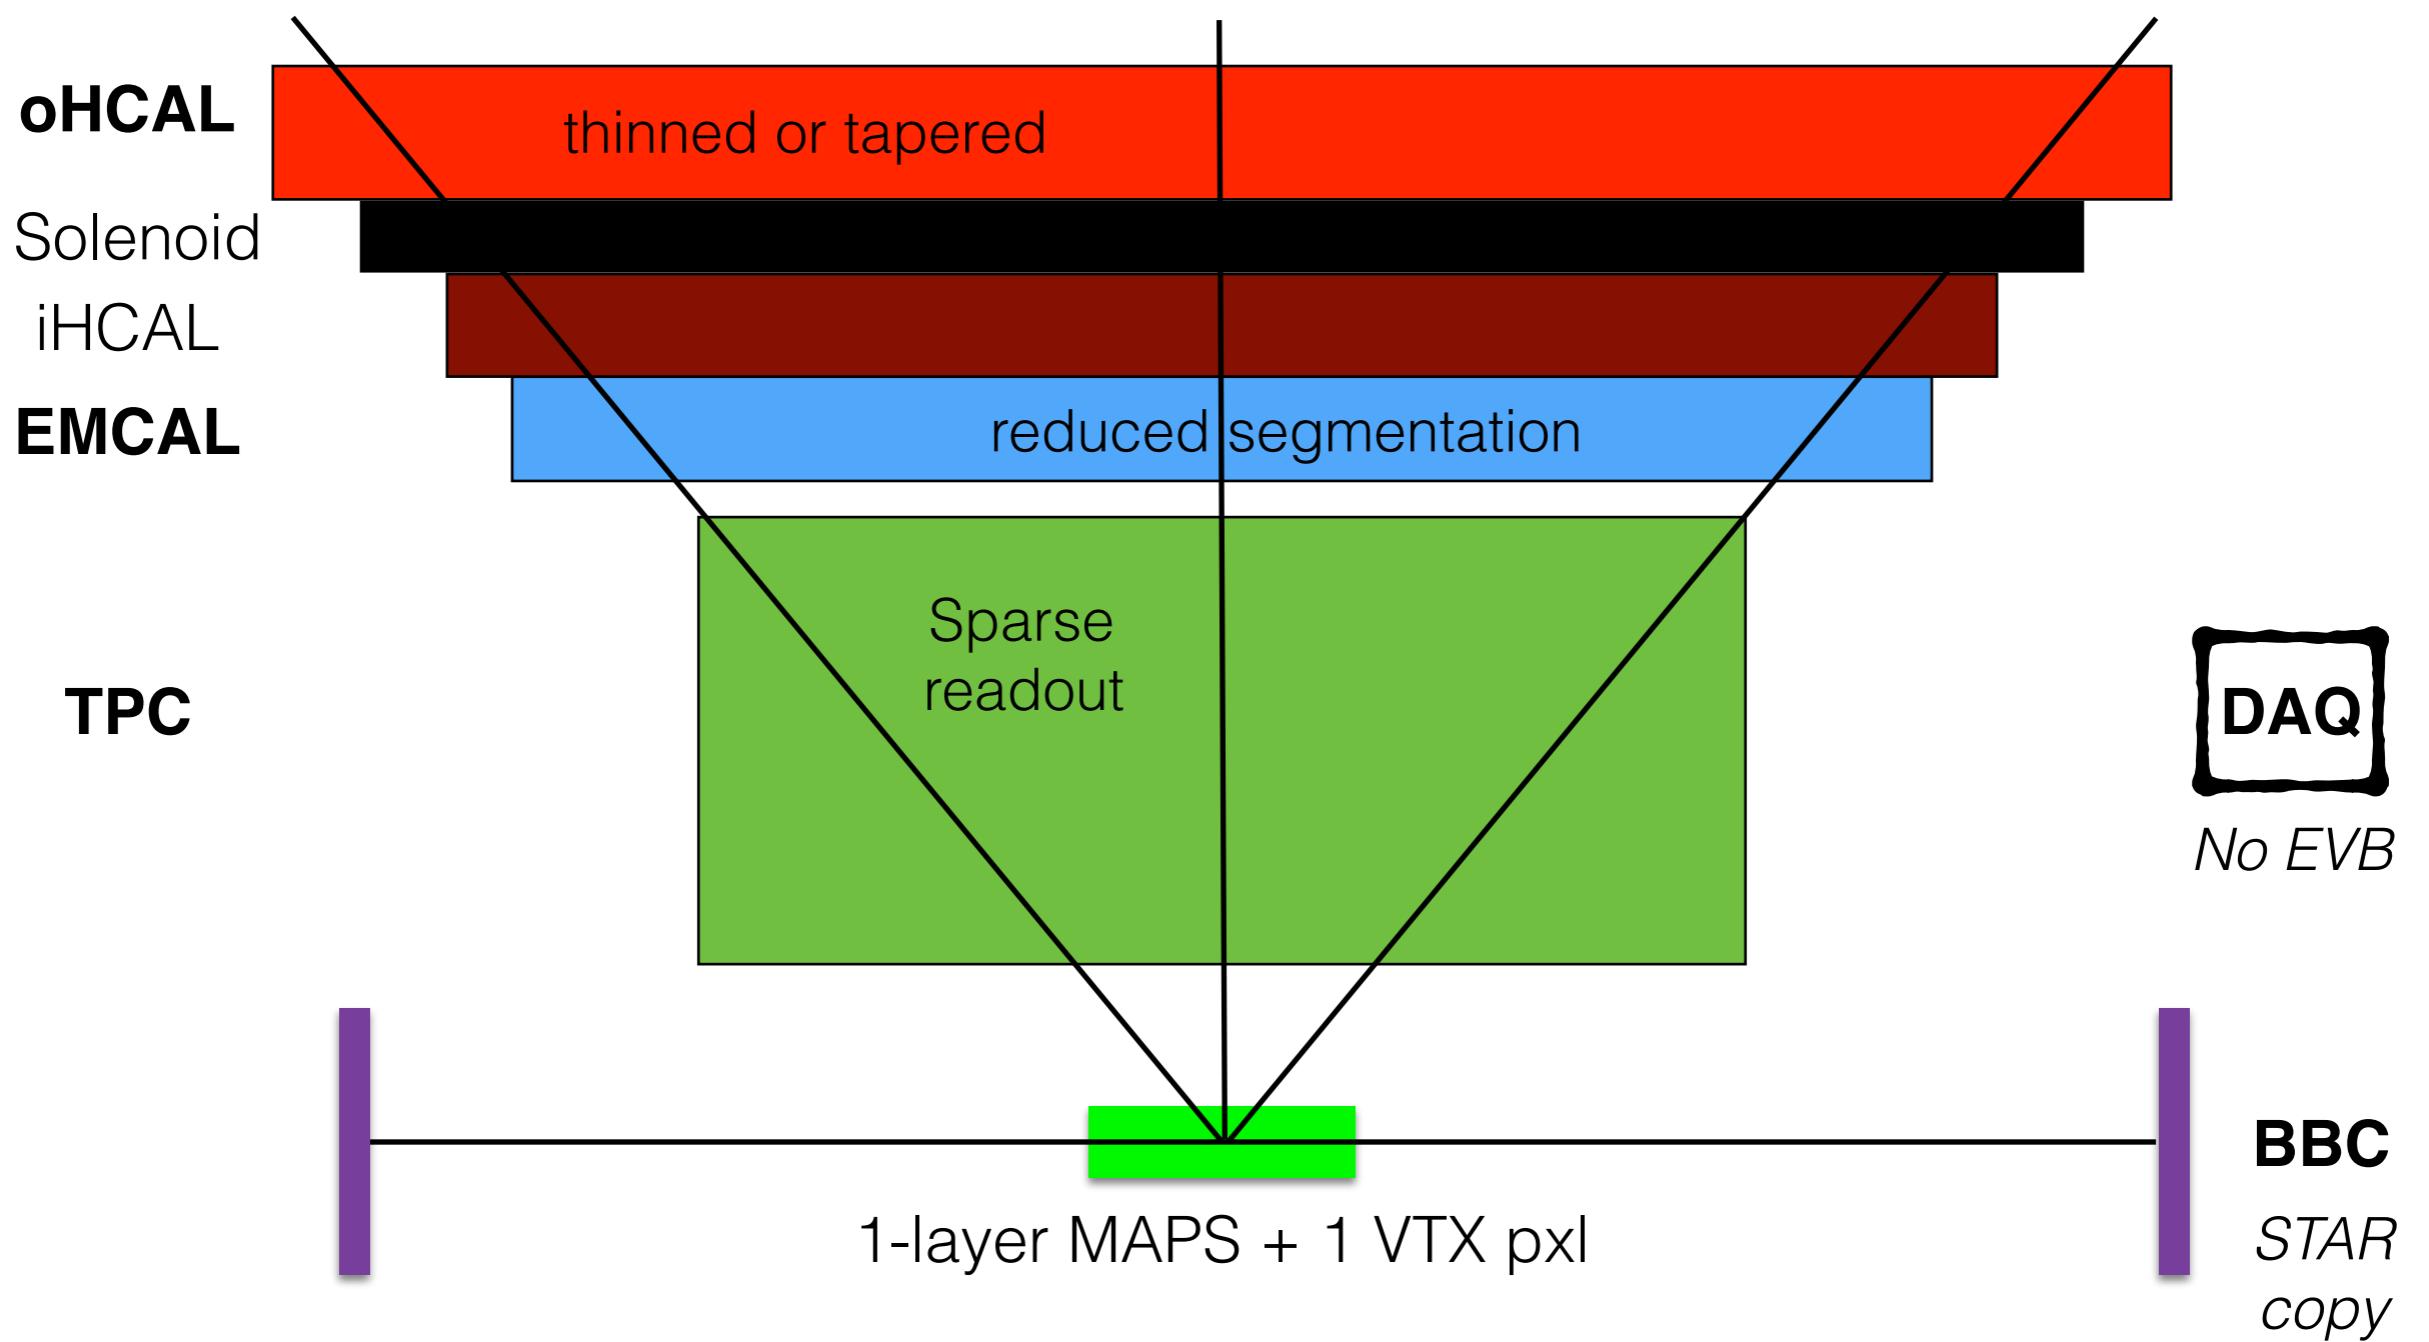

MIE configuration

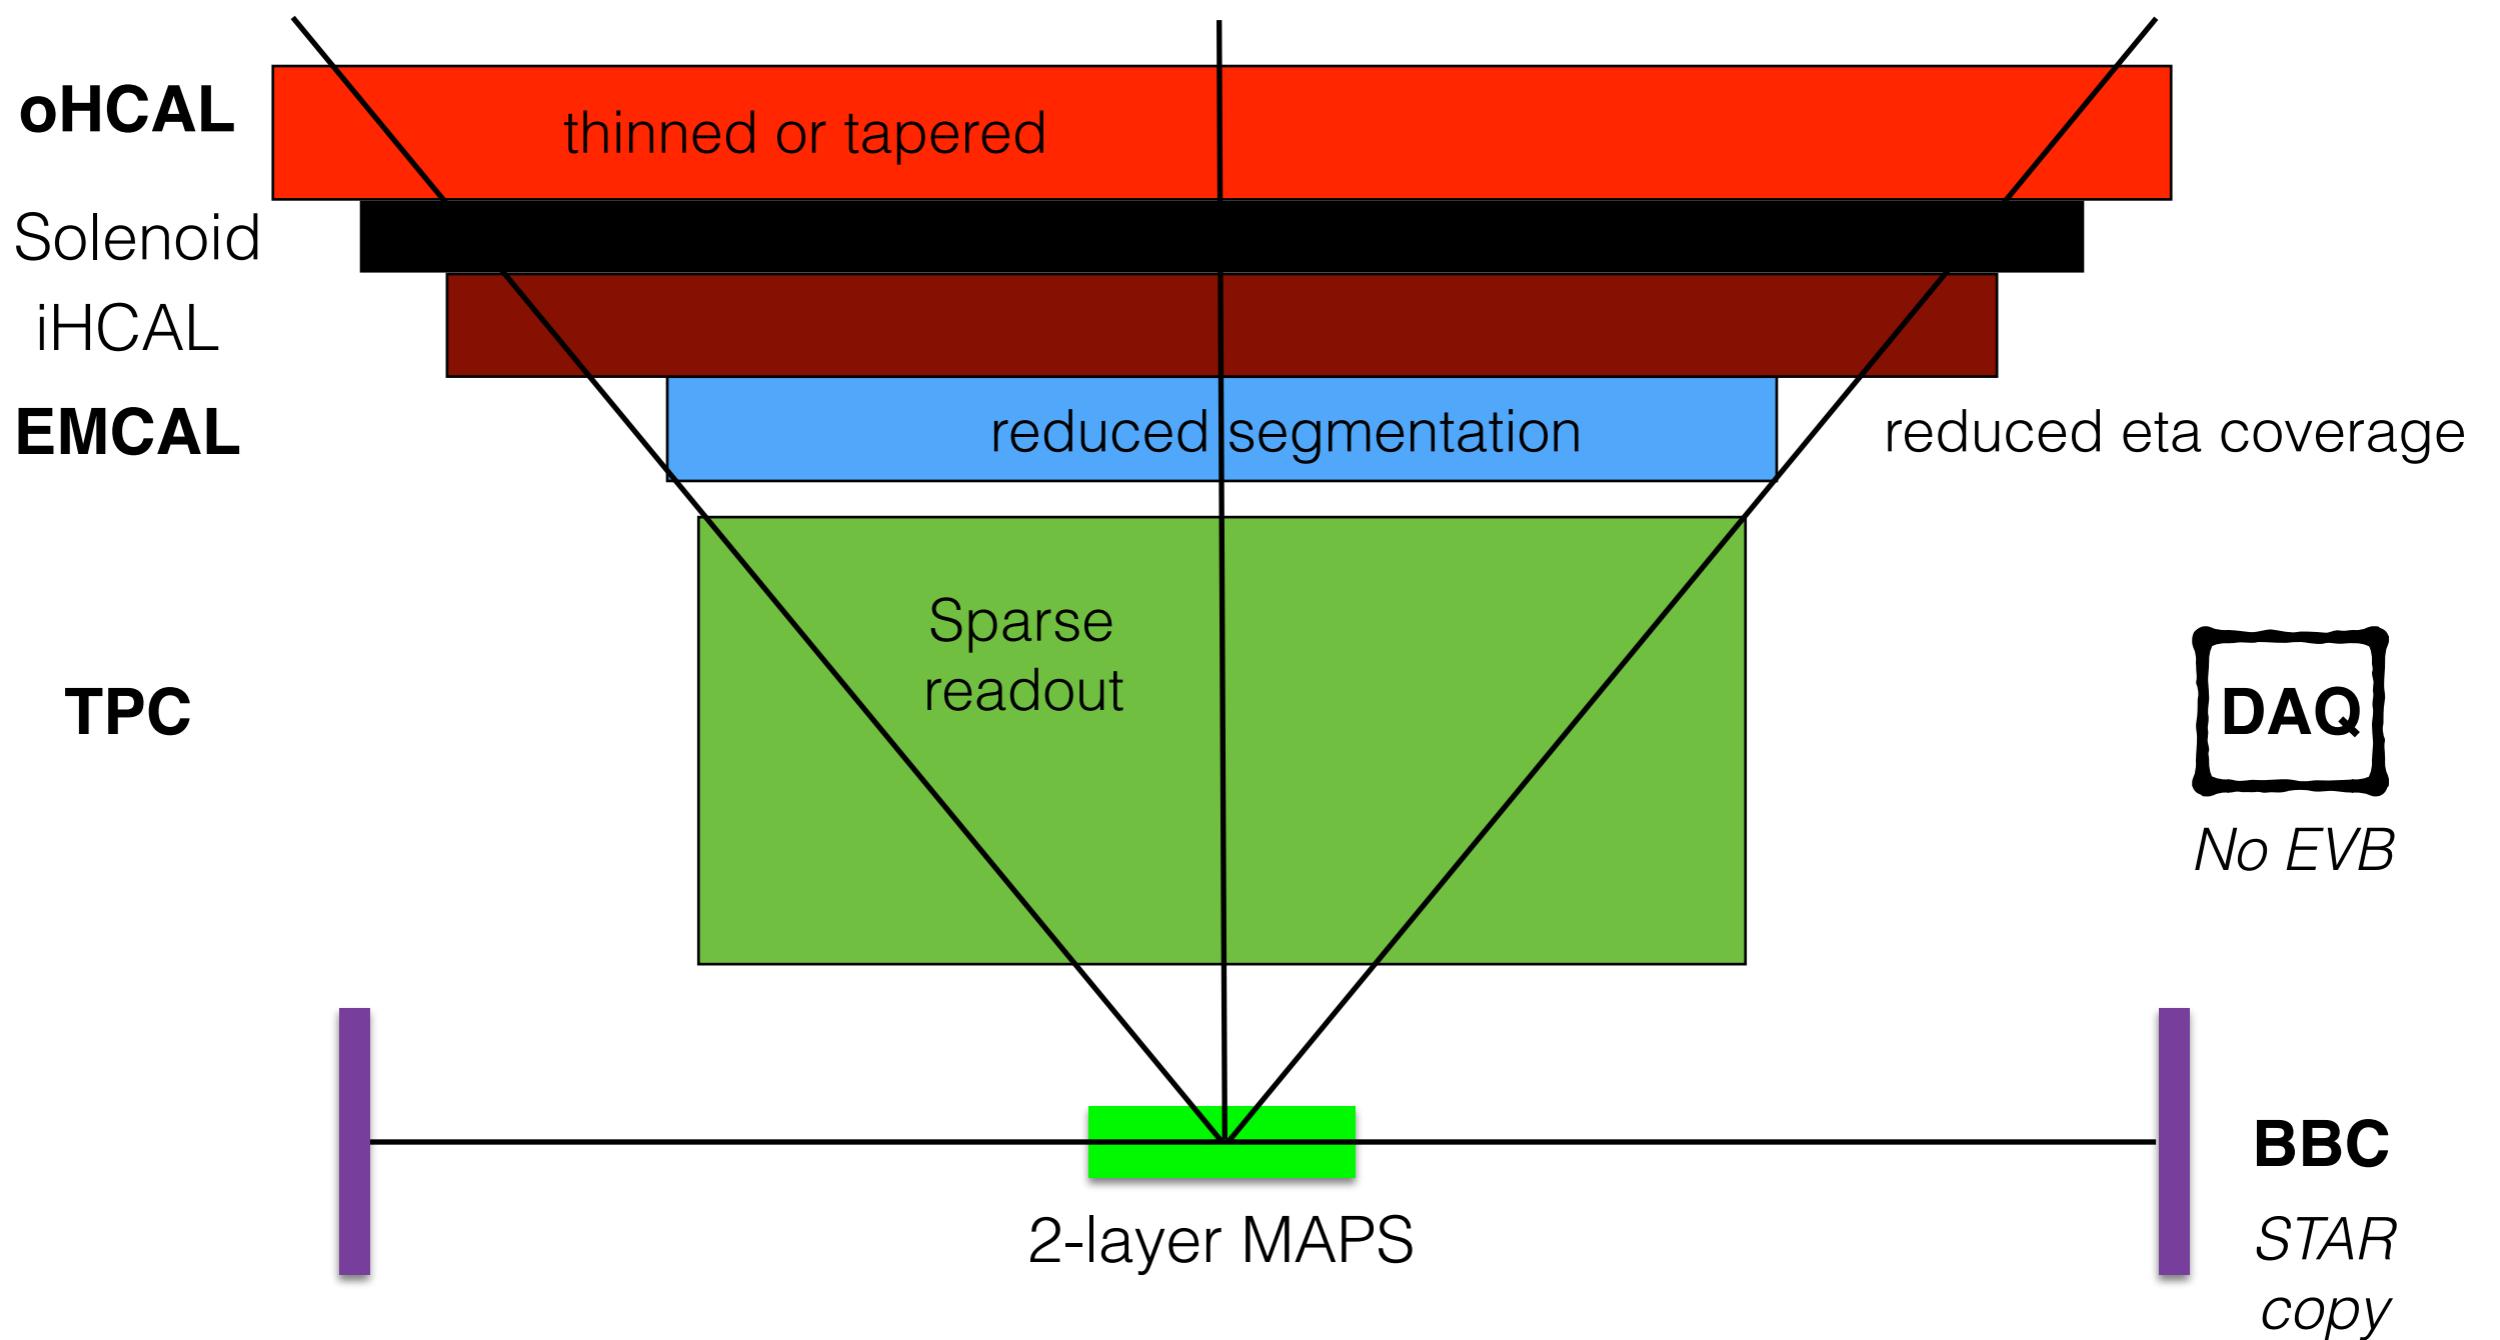

Buyback configuration

BOLD = changed wrt reference

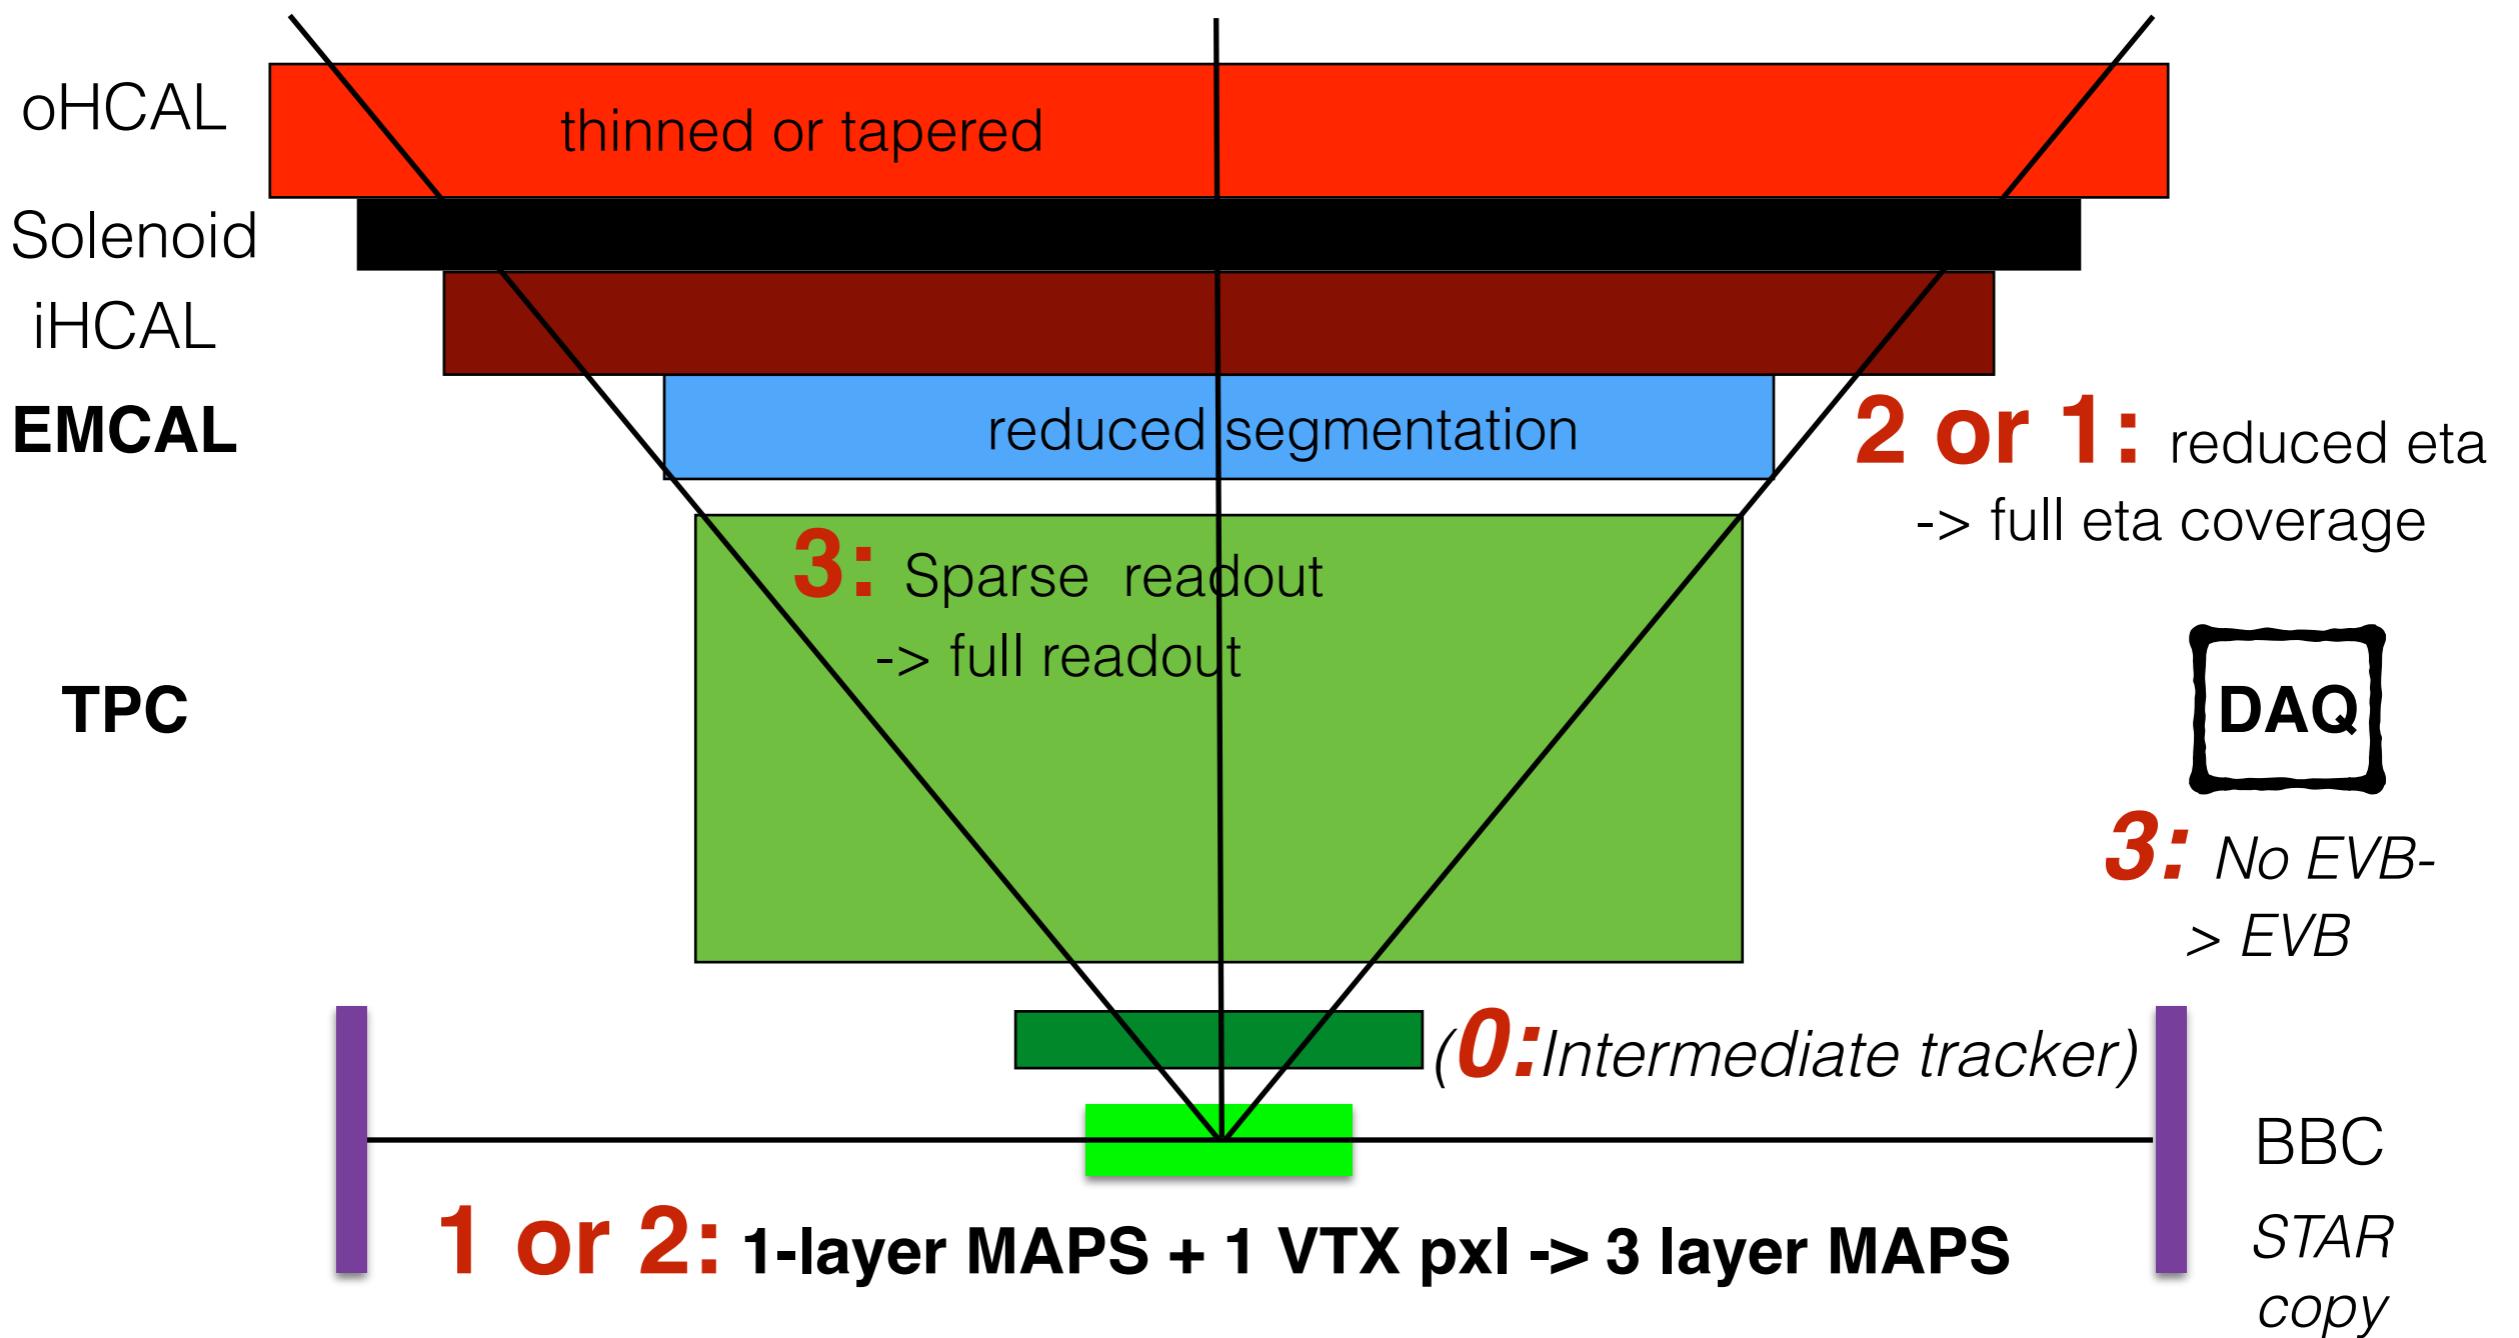

best-worst-case I

BOLD = changed wrt reference

best-worst-case II

BOLD = changed wrt reference

Buyback order

BOLD = changed wrt best worst-case

To-do list

- Establish feasibility of inner/outer tracker match in reference and best-worst-case configuration
- Refine cost savings estimates for each option
- Confirm “thin oHCAL” and “reduced-eta EMCal performance” plots
- Compile performance plots on dropbox paper
